 for the Performance Engineer

Since 1985 ZK Celltest has designed and produced celltest products for vehicles and portable use. ZK product focus is on non-PC Drive Test equipment. ZK Celltest products are easy to install and use; no complicated PC set-up is required. ZK is a customer driven company and designs products based on customer requirements. ZK products are used in 25 countries. Let ZK show you the fast way to do drive tests.

Contact your ZK Representative for pricing, availability or to see a demo of ZK Celltest equipment. RF Marketing is your rep firm in KY, IN, MI, OH, PA and WV. **Andy Hrycko - PA & WV** • **Tim Valek - IN, KY & MI** • **John Williams - OH** • Go to www.rfmarketing.com to see all our product lines.
